Help with IMC registration.

Very good introduction to the Irish Medical system.

Good working environment.

### REQUIREMENTS:

- Doctors should be qualified in General Practice (or Family Medicine) in a EU country .
- Availability to work and relocate to Ireland in the immediate future.
- All recently qualified GPs (or Family Medicine specialists) will be eligible to apply.
- EU citizens

**Bologna Health Jobs** is specialized in recruiting and placing doctors into permanent positions in private and public hospitals of Ireland.

Our business model is directed to supply the perfect fit not only towards our clients but also to the candidates. To do this will help the doctor in many issues to do with the selection process and the incorporation to our Client hospital as could be:

- Going over the CVs to adapt them to the vacancies.
- Help with registering with the Irish Medical Council (IMC).
- Tips and advice before the interviews with the hospitals.
- Help to get your experience recognized in Ireland if you are coming from abroad,
- Help with relocation issues.
- Tax advice.
- Career planning in Ireland.

In a nutshell we pride ourselves with having long term relationships with the candidates we place so we will help you in everything that we can possibly do so and not only before incorporating to your job but also after.
